## Say hello to your new recycling cart

Starting October 9, 2025, recycling will be even more convenient with a new recycling cart in Hanover. Your collection day remains the same.

# FAQs

## How should I set out my cart for collection?

Set your recycling cart so that the wheels are away from the curb (towards your home, and the lid opens to the street). Place recycling and garbage carts at least 3 feet in front of or beside fences, vehicles, trees, mailboxes, or other collection receptacles. Place your cart on a flat surface clear of snow and ice.

## What if I have excess recyclables that will not fit into the cart?

If your recyclables don't fit, save them for your next collection day or bring them to the Hanover recycling depot. Do not overload the cart or place recyclables beside the cart.

## What if I bought my own cart, can I set it out for collection?

No, only designated carts will be collected.

## What can I do with my old recycling box?

Recycling boxes are not accepted in your curbside recycling. Consider reusing it for storage or re-purposing it for another use.

## Benefits of recycling carts

- ✓ Recycling carts, with lids fully closed, help **minimize litter** and reduce odour and pest issues.
- ✓ **Increased storage** capacity between collections allows for more space for your recyclables.
- ✓ Collection systems with recycling carts create a **safer working environment** for workers and reduce the risk of injury and accidents.

## Questions?

### Contact WM for questions about:

- Missed collection.
- Replacement carts.
- Other recycling questions.
