

CITY OF
BRANTFORD

2026

CALENDAR

Welcome to your 2026 Calendar

We're proud to share this year's community calendar, your trusted guide to City services, programs, and events throughout 2026. Inside, you'll find helpful information on garbage, recycling, and green bin schedules, household hazardous waste drop-off days, yard waste collection, summer watering reminders, and winter snow clearing.

Brantford is home to over 70 kilometres of scenic trails along the Grand River, more than 1,000 acres of parkland, and dozens of playgrounds, pools, splash pads, museums, and cultural landmarks. Together, these services and spaces reflect what makes our city such a vibrant place to live, work, and enjoy.

For details about upcoming community events, visit **[Brantford.ca/CommunityEvents](https://brantford.ca/CommunityEvents)**. To share your ideas and join the conversation on City projects, connect with us at **[LetsTalkBrantford.ca](https://brantford.ca/LetsTalkBrantford)**.

If you have questions or need assistance, our Customer Service team is ready to help. Call us at **519-759-4150** for assistance.

On behalf of the City of Brantford, we wish you and your family a safe, healthy, and fulfilling 2026.

Calendar Holidays

Our calendar includes all Federal and Provincial statutory holidays that impact City programs and services, as well as religious holidays that we believe the community would be interested in. If you think an occasion is missing from this calendar, please let us know at **communications@brantford.ca** so we can include it in the future.

Recycling Program

Ontario's Blue Box program is now run under a producer responsibility model, with Circular Materials (a not-for-profit organization) overseeing the system as required by provincial regulation. Producers are now accountable for the end-of-life management of packaging and paper, helping to increase recycling, reduce landfill waste and support a more circular economy.

Scan the QR code for program updates and a list of accepted and not accepted items

To request a Blue Box or report a missed collection, contact Emterra Customer Service at **1-888-597-1541** or **customerareont@emterra.ca**

How we keep the city moving

What residents can expect during a snow event

Before the snow comes

In advance of a storm, City staff monitor weather conditions closely, pre-treat and anti-ice City roads, and communicate to residents that a snow event is expected using various City platforms. At this time, residents are asked to keep their vehicles and parked cars off roadways to make room for snow clearing crews.

While the snow is falling

The City of Brantford is responsible for maintaining and clearing nearly 1,400 lane kilometres of roadways. During a winter event, the City's Operational Services crews plow and salt routes in priority order. Visit [Brantford.ca/WinterControl](https://brantford.ca/WinterControl) for more information.

After a Snowfall

Once a snow event ends, City crews focus on complete snow removal in the Business Improvement Area (BIA) downtown, as well as clearing sidewalks fronting City-owned properties and bike lanes. Clean-up of snow and ice build-up on major routes continues and once the snow stops falling, the City activates a 24 hour clock whereby service requests to Operational Services are temporarily paused while crews focus on clean-up efforts. Once a snow free 24-hour period transpires, Operational Services staff resume responding to individual concerns and service requests in priority order.

While the snow is falling

The City of Brantford is responsible for maintaining and clearing nearly 1,400 lane kilometres of roadways. During a winter event, the City's Operational Services crews plow and salt routes in priority order as outlined below:

Arterial Roads (Red Routes)

Clearing starts at 5 cm, 6 hours after a snow event.

Collector Roads (Blue Routes)

Clearing starts at 8 cm, 12 hours after a snow event.

Local Roads (Green Routes)

Clearing starts at 8 cm, 24 hours after a snow event.

Windrow Clearing

Clearing starts at 8 cm, up to 48 hours after a snow event.

Waterwise Landscapes

To reduce summer water use, the City encourages residents to embrace waterwise landscaping. This type of landscaping maximizes water absorption to help gardens withstand both wet and dry weather conditions. The use of specific plants, watering techniques and permeable hardscapes can be used to create a variety of beautiful landscapes that require less water, less money and less maintenance than traditional lawns once established.

Waterwise gardens can survive almost entirely on rainwater using these planting techniques:

- Increase the ratio of plants to grass
- Use plants that are native, perennial, or drought-tolerant
- Use rain barrels where possible
- Use mulch (includes living mulch) to retain water and control weeds
